SONG LYRICS

I STILL HAVEN’T FOUND WHAT I’M LOOKING FOR

I have climbed highest mountain. I have run through the fields. Only to be with you. Only to be with you
I have run, I have crawled. I have scaled these city walls. These city walls. Only to be with you
But I still haven’t found what I’m looking for. I still haven’t found what I’m looking for

I have kissed honey lips, felt the healing fingertips. It burned like fire. This burning desire
I have spoke with the tongues of angels. I have held the hand of the devil, it was warm in the night
I was cold as a stone

But I still haven't found what I'm looking for. I still haven't found what I'm looking for

I believe in the Kingdom come. Then all the colors will bleed into one, bleed into one. Yes I'm still running
You broke the bonds and You loosed the chains, carried the cross of my shame. Of my shame. You know I believe it
But I still haven't found what I'm looking for. I still haven't found what I'm looking for

CAN'T HOLD ME DOWN

I've been walking down this road for many a mile, searching for the truth looking all the while
Ain't nothin', gon' hold me down. Ain't nothin', gon' hold me down
I've been spending all my time on bended knee crying "Lord have mercy, won't You save me please"
Ain't nothin', gon' hold me down. Ain't nothin', gon' hold me down

Well I'll keep on fighting raging heavenly war, marching through the gates of hell tearing down doors
Let my light burn brighter, no you can't take my shine. I'm a child of the King - I am His, He is mine
No ain't nothin', gon' hold me down

Now I can feel the battle won deep inside of my soul though I feel it downstairs tryin' to drag me low
Ain't nothin', gon' hold me down. No ain't nothin', gon' hold me down
What the world tries to offer I'll just give it away. Can't nothin' come between me and my Lord today
No ain't nothin', gon' hold me down. Ain't nothin', gon' hold me down

Well I'll keep on fighting raging heavenly war, marching through the gates of hell tearing down doors
Let my light burn brighter, no you can't take my shine. I'm a child of the King - I am His, He is mine
No ain't nothin', gon' hold me down

Oh I ran to the water just to meet You there. Stay on my knees till You hear my prayer
See the devil comin' out - he better keep on walkin'. I'm stayin' right here, to the Lord I'm talkin'
Well I'll keep on fighting raging heavenly war, marching through the gates of hell tearing down doors
Let my light burn brighter, no you can't take my shine. I'm a child of the King - I am His, He is mine
No ain't nothin', gon' hold me down

SANCTUARY

Where can I go when mountains surround me, is there a refuge where I can hide
Where can I run with enemies closing in - a place where my soul can survive
Where can I go when the way is lost to me, need direction for this life
Where can I go, where can I run, or where can I hide

I'm gonna run to the sanctuary where I know He'll be waiting for me
I'm gonna run to the sanctuary where rivers of life I know I will see
Run to the sanctuary where all things are made brand new
And I'll shout - praise - lift my hands to the Lord in the sanctuary

Where can I go when the storm is ragin', when troubled waters I take on
Where can I go when darkness has fallen, when the night just feels too long
What can I do to breach this sorrow, is there a lifeline that I can't see
Where can I go, where can I run, or where can I hide

I'm gonna run to the sanctuary where I know He'll be waiting for me
I'm gonna run to the sanctuary where rivers of life I know I will see
Run to the sanctuary where all things are made brand new
And I'll shout - praise - lift my hands to the Lord in the sanctuary

Jesus is the answer, the answer to all of my needs. In His sanctuary I know there will be perfect peace
Jesus is the answer, the answer to all of my prayers. And I'll shout - praise - lift my hands
to the Lord in the sanctuary

I'm gonna run to the sanctuary where I know He'll be waiting for me
I'm gonna run to the sanctuary where rivers of life I know I will see
Run to the sanctuary where all things are made brand new
And I'll shout - praise - lift my hands to the Lord in the sanctuary

GOIN' UP YONDER

If you want to know, where I'm going, where I'm going, soon
If anybody asks you, where I'm going, where I'm going, soon
Well I'm goin' up Yonder. Goin' up Yonder. Goin' up Yonder to be with my Lord

I can take the pain, the heartache that it brings, find comforts in knowing I'll soon be gone
As God gives me grace to run this race, till I see my Savior face to face

Well I'm goin' up Yonder. Goin' up Yonder. Goin' up Yonder to be with my Lord

GOODNESS OF GOD

I love you Lord for Your mercy never fails me, all my days I've been held in Your hand
From the moment that I wake up until I lay my head, I will sing of the goodness of God

All my life You have been faithful. All my life You have been so, so good
With every breath that I am able I will sing of the goodness of God

I love Your voice. You have led me through the fire. In the darkest night You are close like no other
I've known you as a father, I've known You as a friend. And I have lived in the goodness of God

All my life You have been faithful. All my life You have been so, so good
With every breath that I am able I will sing of the goodness of God

Your goodness is running after, it's running after me. Your goodness is running after, it's running after me
With my life laid down I surrender now I give You everything. Your goodness is running after, it's running after me

All my life You have been faithful. All my life You have been so, so good
With every breath that I am able I will sing of the goodness of God

COME HOME

You have lost your way. You have gone too far. You no longer see the truth that's in your heart
Pretend that you don't care. Have nothing left to spare. I know that's not true, I see the real you

Come home. Come home. You don't have to stay away, come back home

You're never really here. All you feel is fear. I still hear your cries, they whisper in my ear
Please tell me why you run away when Love is here to stay. Ashamed you try to hide, fighting demons deep inside

Come home. Come home. You don't have to stay away, come back home

You think that safety can be found in the dark. Where no one sees the scars written in your eyes
Convinced you'll never measure up in this life, you keep running and hiding in the night

Come home. Come home. You don't have to stay away, come back home

TUMBLING DOWN

Everywhere You are is safe, that's where I wanna be. Only You can hold me back from all my misery
I don't know if love could ever change the way I feel. Just the thought of You will give my heart the chance to heal
When I'm all alone that's when You pull me close even if I try to run away
There's nothing You won't do just to pull me through - so from my heart I say

I need You just to hold me. I know You'll never leave me. Pull me closer, Lord, protect me
From these walls that keep tumbling down
Lift me up higher, awaken my desire. Light my broken heart on fire
In Your love I want to drown

There are times I know my doubts can get the best of me. I get lost inside the fear of dreams I can't believe
But in my weakness You are strong so I'll hang on to You.
You're my constant. Never change. If You left me I don't know what I'd do because
When I'm all alone that's when You pull me close even if I try to run away
There's nothing You won't do just to pull me through, from this fragile heart I say

I need You just to hold me. I know You'll never leave me. Pull me closer, Lord, protect me
From these walls that keep tumbling down
Lift me up higher, awaken my desire. Light my broken heart on fire

I just want Your love

When times are dark that's when You shine. I know Your ways are higher than mine
At times I have no smile and all my laughter's gone - but You're renewing all my mind
You turn the mirror around and show me what You see.

I need You just to hold me. I know You'll never leave me. Pull me closer, Lord, protect me
From these walls that keep tumbling down
Lift me up higher, awaken my desire. Light my broken heart on fire
In Your love I want to drown

P.T.S.D.

Once upon a time, before you and I, there was a dream of what love could be
Two open hearts, in one little house, growing love so tenderly
And I'd imagine all the time that we could share
Now you're sitting next to me. Waiting patiently. While I try to tell you boy

I just want to lavish my affection. All over you. You
Let's keep this moving in the right direction. For me and you. You.

Every now and then I can't find my way and my mind starts shutting down
I feel your lips on my neck, your hands around my waist - in the lightning you're my ground
and then you hold me like you own me promise never to let go
You're my safest place. I come back every day. Swear I'm gonna show you how

I just want to lavish my affection. All over you. You
Let's keep this moving in the right direction. For me and you. You

I'll be the tropical storm 'neath your vanilla sky. Hubby your love it hits mellow, keeps me feeling so fine
The way you kiss and caress always make me sigh, how you do what you do - protect me all through the night like
Woah, woah. Woah. Woah.

I just want to lavish my affection. All over you. You
Let's keep this moving in the right direction. For me and you. You

PEOPLE GET READY

People get ready there's a train a comin', you don't need no baggage, you just get on board
All you need is faith to hear the diesel's hummin', you don't need no ticket, you just thank the Lord

People get ready there's a train to Jordan pickin' up passengers from coast to coast
Faith is the key, open the doors and board 'em, there's hope for all among those loved the most

There ain't no room for the hopeless sinner, who would hurt all mankind just to save his own

Have pity on those whose chances are thinner for there's no hiding place from the Kingdom's throne

YOU KNOW MY NAME

You know my name. You know my name. You know my name. You know my name
And oh how You walk with me. And oh how You talk with me. And oh how You tell me I am Your own

He knows my name. He knows my name. He knows my name. He knows my name
Oh how You comfort me. Oh how you counsel me. And it still amazes me that I am your friend

So now I pour out my heart to You. Here in Your presence I am made new

No fire can burn me. No battle can turn me. No mountain can stop me, cause You hold my hand
So I'm walking in Your victory cause Your power is within me. No giant can defeat me cause You hold my hand

You know my name. You know my name. You know my name. You know my name
And oh how You walk with me. And oh how You talk with me. And oh how You tell me I am Your own

DON'T TREAD ON ME

Oh no you've done it now, gone against the King, gone against the crown
Said oh no you've done it now, time to feel the fire
Rumors spreading around, how could you think He would stay down
Said rumors spreading around, ain't nothing but a liar

Get on out of here. Get on up and leave. Ain't no devil gonna tread on me
He's choking on the blood that ran down the tree, ain't no devil gonna tread on me

No weapon formed against me shall prosper - don't tread on me
No weapon formed against me shall prosper - don't tread on me
No weapon formed against me shall prosper - don't tread on me
No weapon formed against me shall prosper - in Jesus name

Get on out of here. Get on up and leave. Ain't no devil gonna tread on me
He's choking on the blood that ran down the tree, ain't no devil gonna tread on me

JESUS PEOPLE

Jesus people won't you love one another. Jesus people won't you take my hand
Jesus people won't you come together. Jesus people all across the land

How can we feed the poor when we won't open that door
How can we meet the need when we do what we please
While the world cries out for a savior - While the world cries out for a savior

Jesus people won't you love one another. Jesus people won't you take my hand

Jesus people won't you come together. Jesus people all across the land

How can we be the salt when all we do is just talk and talk

How can be the light when we're sittin' in the shade

While the world cries out for a savior - while the world cries out for a savior

Jesus people. Jesus people. Jesus people. Jesus people.

Jesus people. Jesus people. Jesus people. Jesus people.
